Upload Latest Resume (word or pdf size of the file should be 2MB)

HR will view the Form filled by the Candidate

HR will schedule interview with Assessment or assign rounds

-Example of rounds

Assesment

HR

Technical

HOD

MD Approval

All rounds assigned users can view the complete form details filled by the candidate

Assesment

HR can choose the question paper

And allocate the test

The assessment questions will be enabled to the candidate

Once the assesment is completed by the employee HR and other users can view the marks along with the employee profile

Interview rounds question

Every round will have separate set of questions depends on the HOD

The previous interview round feedback will be shown to HR default and next user who is taking the interview

If rejected in any round should be with reason for rejecting the profile

Once the candidate is selected for particular designation HR will send the provisional offer letter mail along with the URL - Username and Password (format is already given)
