EDUCATION

NPR Arts and Science College

Bachelor of Science in Computer Science

Dindigul, TN

Aug 2018 – May 2021

Gandhigram Rural Institute

Master Of Computer Application

Dindigul, TN

Jun 2021 – May 2023

EXPERIENCE

Software Engineer

SoundaraPandiyar Bone and Joint Hospital

Nov 2023 – Present

Chennai, TN

- Developed and maintained hospital management systems using PHP and MySQL, enhancing data handling and reporting efficiency.
- Designed and implemented software pages with PHP, AJAX, jQuery, and MySQL, and performed data analysis on GitHub.
- Implemented secure user authentication and authorization systems to comply with healthcare data protection regulations.
- Contributed to the development of a hospital inventory management system, focusing on backend functionality with PHP and MySQL.
- Assisted in debugging and testing web applications, identifying and resolving issues to ensure smooth operation and user satisfaction.
- Developed user interface components using HTML, CSS, and JavaScript to create a responsive and user-friendly experience.

EDUCATION EXPERIENCE

Alumni Management System | *PHP, JQuery, Ajax, Mysql, Javascript, Github*

December 2022 – May 2023

- Developed an alumni management system using core PHP and MySQL for data storage, with HTML and CSS for the frontend.
- Created a module for updating alumni information and maintained front-end design and backend functionality with AJAX.
- Utilized ChatGPT for asynchronous tasks and integration.

Placement Cell | *HTML, CSS, PHP, MySQL*

July 2022 – November 2022

- Designed and developed a recruitment portal for students and recruiters, incorporating job posting features and application submission functionalities.
- Implemented features for shortlisting candidates and sending call letters to selected students.

ACHIVEMENTS

- Presented Paper on the Title Voice Recognition Automation for Wheel Chaired Dependents at University of Technology and Applied Sciences-Shinas, Sultanate of Oman (12/2022)
- Presented Paper on the Title "Skin Cancer Classification Using Convolution Neural Network" at International Conference on Advanced Computing Technologies for Innovative Solutions, Gandhigram Rural Institute (Deemed to be University) (03/2023)

TECHNICAL SKILLS

Languages: PHP, JQuery, Ajax, MySQL, JavaScript, HTML/CSS

Frameworks: Laraval, API

Developer Tools: VS Code, Github, Chatgpt, StackOverFlow, Postman

ABOUT ME

- I am a dynamic and adaptable software developer with a solid foundation in various programming languages and a proven ability to quickly learn and apply new technologies. My recent experiences have honed my skills in PHP and front-end development, but I thrive in environments that challenge me to broaden my expertise.
- I am particularly passionate about Java and eager to delve deeper into its ecosystem.
